My darling little Wife:

Just received your darling letter of Friday & Saturday, and, love, I am so sorry I couldn't let you have a big letter for Saturday, but, sweet mine, I am so glad you understood conditions as they are.

Yes, honey bee, I am busy, and that is what makes me feel elated over things. By being busy, means money, and we sure do need that "filthy lucre"; what do you say, love. If you were only here, precious, I sure would be supremely happy, for you could be with me, enjoying the fruits of my labor. I can assure you, I yearn for your cheer and comfort, but as you say, no use worrying over it, for as each day passes, it means one day nearer to our reunion, and honey bee, if it within my power, there will be no further separation. We've had a taste of being separated from one who is most precious to me and I don't care to have to undergo it again. At 8 months, love, since we took our sacred vows, to love, honor and respect each other, and, honey bunch, when I think of it, I can't help thinking of how God blessed me with an angel. Darling, you are wonderful, and I love you, love you more than life itself, and please God, when you come here, I'll show you. I couldn't help thinking of our wedding when I think of Faige, and I keep wondering, how happy they are going to be, as I know Faige. Who wouldn't, sweetheart, have such fond recollections of his matrimonial venture, when he has such a rare and precious jewel as I have in you.

As for Mr. Pinstein, he made the following proposition. He is looking for another store that he want to open and have someone he can rely upon. I mentioned Rose, of course, so he said that he would like to have you or Rose take charge of the store. I told him that he would have to eliminate you, as I won't permit you to work so he then spoke of Rose. I told him that I would like to have Rose take charge but asked him how he would like to back me up? He said that he would be willing to do anything to help me & the family. We are now looking for a nice place where we can open a place, on your name, and invest a few hundred dollars, maybe two and at most one dollar of the amount, the benefits out of it. Pinstein will supply us with the stock instead of having to bother with drug houses, for a while, anyway. What do you think of this? Of course, I am going deeply into it before I do anything. Give me your opinion? You see, when you come here, you will get what is known as reciprocity papers so we can have the right to open up a drug store and then Rose & another registered man or woman could take entire charge. I am very anxious to do

something - I've forgotten it.

Honey love, mondean wrote me that she will talk to you about the furniture. I have your clipping and will compare it with the stuff they have here. Mondean cannot face the chair of the library set, so I will get the chair & buffet or china closet for the living room. Don't worry, love dear, about the bran red. I'll get the wrong set.

I am enclosing, precious, the official notification of my entrance to the Masonic Lodge. What do you think of it? Hope I will be equally fortunate in getting to be a Notary Public.

Love dear, to-day I am sending for my $60 loan. I was advised that I will ~~probably~~ probably get it in about 2 or 3 weeks.

Honey love, uncle's case is coming on Thursday, and we are having some trouble. His attorneys are making me attend to it, and I must be prepared. Must go to the Courthouse this afternoon, so love, will close now with all my love, hugs, kisses and tender thought to you, my darling, precious wife,

Ever lovingly & longingly yours,

Hubby.

Hope I get that big letter pretty soon.
